# ADOPT A SEA TURTLE NEST

The Sea Island beach is not only one of the most beautiful beaches along the coast, it also provides a major nesting site for loggerhead sea turtles. The nesting season lasts from mid-May to early October. Currently, this species is listed as threatened and is protected under state and federal law. Sea Island's Adopt a Nest program was developed in an effort to protect this delicate species while allowing adoptees to have a direct role in protection and conservation.

By adopting a nest, you are directly funding sea turtle work along Georgia's coast. All proceeds from this program are donated to the Wildlife Conservation Fund within the Georgia Department of Natural Resources which relies solely on federal grants and donations to operate. The remaining proceeds directly assist in conducting research, collecting data and training technicians at Sea Island.

## *The adoption package includes:*

1. Certificate of adoption
2. Name plate on adopted nest
3. Information letter and invitation to attend excavation (inventory)
4. Photograph
5. Plush turtle
6. Lighting awareness magnet
7. T-shirt
