ARCHITECTURE: The Cloister's original Mediterranean style structure was designed by renowned Palm Beach architect Addison Mizner in 1928. The original Cloister welcomed guests from around the world for 75 years, until 2003 when the new, Mizner-inspired structure was designed by architects Peter Capone and Michael Ramsey and built to honor, yet update, the original structure. Located at the end of St. Simon Island's historic Avenue of Oaks, The Lodge at Sea Island Golf Club is the premiere hideaway reminiscent of an English country manor. Mizner's design also influenced The Inn at Sea Island, located two miles from Sea Island and four miles from The Lodge and Sea Island Golf Club.

Situated at the southern tip of St. Simons Island, Seaside is the pinnacle of links golf. A true links-style course – linking the sea to the land – features 15 holes flanked by captivating views of the Georgia coast's diverse landscapes. Sweeping dunes mix with the native grasses and wildflowers. Offering Sea Island's most demanding layout, Seaside is the host venue for the PGA TOUR's RSM Classic, as is Plantation Course.

Plantation – Reopening Fall 2019

Our oldest course is becoming our newest.

Created by the great British designer Walter Travis in 1928, Plantation was Sea Island's first nine-hole course. Redesigned in 1998 by Rees Jones, Plantation serves along with Seaside as home to the RSM Classic, a PGA TOUR event hosted by Davis Love III. And now, Davis and his brother, Mark, are again redesigning the course, reintroducing some of its historical elements, drawing on its traditional profile, and bringing into play some of the ideas they have had since they were youngsters, when they grew up playing the course with their father. The new course will debut in the fall of 2019, ahead of the 2019 RSM Classic.

Retreat

Par 72; Six tee areas; 5,194 to 7,000 yards, 122 to 136 slope

When Davis Love III and his brother, Mark, began renovating the Retreat Course in October 2000, they knew they had a difficult task. Blending the players' preferences from the previous design, the brothers created a uniquely dramatic design. The green complexes are a combination of slope, sand bunkers, and undulations creating a masterful test challenging the golfer to hit a variety of shots.

TENNIS:

The Cloister Tennis Center serves up creative programming, with a full-service program of year-round instruction for adults and children as well as clinics, round robins and partner

matching. The Tennis Center offers sixteen Har-Tru® courts, including eight lighted courts, and fast-dry clay composition courts, including one stadium court.

SQUASH:

Squash Courts at the Sea Island Spa and Fitness Center include two international single courts and one North American handball doubles court. Sea Island is one of the only domestic resorts to offer a squash program.

The Spa's expert staff of therapists, consultants, and providers offers a wide array of massages, body and skin care treatments. A strength and cardio studio features over 5,000 square feet of training equipment and fitness classes that are held each week in four studios dedicated to personal training, yoga, and Pilates. This classic sport is preserved and pursued at one of the premier shooting facilities in the U.S. Novices are invited to take part in private or group lessons with NCSA-certified instructors while experienced shooters can participate in skeet, trap, and five-stand practice sessions. The Shooting School also offers the unique experience of using the ten stations at nearby Rainbow Island Sporting Clays Course which leads shooters on a stunning mile-long nature walk.

BEACH HORSEBACK:

Sea Island is one of the very few resorts in the country that offers private horseback rides on the shore and along the dunes. This not-to-be-missed Sea Island experience is a unique way to explore the ocean beach habitat of the Georgia coast. Riders age 10 years and older are invited to participate in this invigorating activity. Additional tailored experiences are offered to both skilled and novice riders.

In addition to activities such as turtle explorations, birding, horseback riding, boating, shelling, sailing, fishing, and kayaking, Sea Island offers enhanced, curated programs that are designed to educate guests, as well as encourage exploration and interest in nature and ecology. Some of these activities include:
